

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a flower which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. Few young women appreciate the shock of the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. More than a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. It is made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and make its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve, nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Bad Symptoms. The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol,

harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath as complete and correct.

In any condition of the female system Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of the "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Doctor's All Agree. The most eminent writers on *Materia Medica*, whose works are consulted as authorities by physicians of all the different schools of practice, extol, in the most positive terms, the curative virtues of each and every ingredient entering into Dr. Pierce's Golden Medical Discovery. In fact it is the only medicine, put up for sale through druggists for the cure of all diseases of the mucous surfaces, as nasal catarrh, throat, laryngeal, and bronchial affections attended by lingering, or hang-on-coughs that has any such professional endorsement—worth more than any amount of lay or non-professional testimonials.

Do not expect too much from the use of Dr. Pierce's Golden Medical Discovery. It will not work miracles. It will not cure consumption in its advanced stages. No medicine will. Nor is the "Discovery" so good for a sudden attack of acute cough, but for the lingering, obstinate, hang-on-coughs, accompanying catarrhal, throat, laryngeal and bronchial affections. It is a most efficacious remedy. In cases accompanied with wasting of flesh, night-sweats, weak stomach and poor digestion with faulty assimilation, and which, if neglected or badly treated are apt to lead to consumption, the "Discovery" has proven wonderfully successful in effecting cures.

The formula is printed on every wrapper of "Golden Medical Discovery," attested as to correctness under oath, and you can't afford to accept any substitute of unknown composition for this non-secret remedy no matter what selfish interests may prompt the dealer to urge such upon you. In fact it is an insult to your intelligence for him to do so. You know what you want and it is his place to supply that want.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. They cleanse, invigorate and regulate stomach, liver and bowels, curing biliousness and constipation. Little sugar-coated granules—easy to take as candy.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. Pierce as above.

WOMAN JUSTICE OF THE PEACE

Evanston Elects the First in the History of Illinois.

Chicago, April 3.—For the first time in the history of Illinois a woman was elected as a justice of the peace at Tuesday's election. Aristocratic Evanston, one of the suburbs where many of this city's most influential and wealthy business men reside, has the distinction of being the first city in the state to have a woman judge. Catherine Wrench McCulloch, who conducts a law office in Chicago and who is

known all over the country as a champion of women's rights, was the successful candidate, winning over her opponent by more than two to one.

Minnesota Elections.

St. Paul, April 3.—Municipal elections were held in several Minnesota cities and towns. The most notable contest was at Mankato, where Mayor Taylor, Dem., was defeated by Dr. G. W. Andrews, Rep. Dr. Andrews is the first Republican mayor in Mankato in sixteen years.

FARE BILL IS PASSED

BOTH HOUSES OF THE LEGISLATURE PASS THE TWO-CENT FARE MEASURE.

ONLY FOUR VOTES REGISTERED AGAINST THE BILL IN EACH HOUSE.

St. Paul, April 3.—The compromise proposal of the railroads on the rate question was transmitted to the legislature by the conference committee, together with a 2-cent passenger fare bill. The report was received without comment and the 2-cent bill passed without argument, only four votes being cast against the bill in each branch of the legislature. In each house it was simply a case of calling the roll on the passage of the bill.

The report reviewed the work of the committee, the various meetings held and the action taken at each, included the offer of a compromise received from the railroads. It wound up by recommending the 2-cent bill. The report contained the proposals which the committee had been given to understand would be made and the written proposal received Monday. As the proposal received was not what was expected the committee reported that it could not recommend acceptance and in the same sentence recommended the passage of the 2-cent rate bill.

The provisions of the bill as passed are as follows:

"Section 1. No railroad company owning, operating or using a line of railroad within, or partly within, the state of Minnesota, shall charge or collect more than 2 cents per mile for carrying, over its road on any trip, wholly within this state, any passenger of twelve years of age or over, together with baggage not exceeding 150 pounds in weight, or more than 1 cent per mile for any such passenger under twelve years of age, together with baggage not exceeding seventy-five pounds in weight.

Penalty for Violating the Law.

"Section 2. Any railroad company, or any officer, agent or representative thereof, who shall violate any provision of this act, shall be guilty of a felony, and upon conviction thereof shall be punished by a fine of not exceeding \$5,000 or by imprisonment in the state prison for a period not exceeding five years, or by both such fine and imprisonment.

"Section 3. This act shall take effect and be in force from and after the first day of May, 1907."

The senate passed under suspension of rules H. F. No. 776, which authorizes county boards to bury old soldiers and sailors, veterans of the Civil or Spanish-American wars, at an expense of not to exceed \$50, the counties to be reimbursed by the state.

Senator Patrick Fitzpatrick's initiative and referendum bill, which was the special order of business in the senate, failed of passage by two votes, the vote being 30 ayes and 25 nays. A majority vote being necessary for its passage, and as 32 constitutes a majority it failed to pass.

The senate in committee of the whole, with Senator B. E. Sundberg of Kennedy presiding, reported only one bill for passage. This was Senator E. H. Canfield's bill, S. F. No. 329, which provides for an appropriation of \$200,000 for each of the next two years to aid in building and repairing bridges and constructing and repairing highways in the state, the money to be expended under the supervision of the county boards of the counties in which the improvements are made.

Tonnage Tax Bill Killed.

The tonnage tax bill was killed in the house. The arguments against the injustice of placing a special tax on one community and one industry won out against the argument for getting something for the state and the appeals to "hit the steel trust." The vote was close, there being fifty-one for the bill and fifty-eight against.

The bill was probably the most important before the legislature, not only because of the amount directly involved, this being probably \$1,500,000 per year on the present output, but because it affected the development of the whole northern part of the state.

The agitation for a tonnage tax was started immediately after the adoption of the wide-open tax amendment last fall. A tonnage tax bill providing a 25-cent tax was introduced by R. H. Jefferson of Bingham Lake and another providing a 10-cent tax was introduced by H. O. Bjorge of Lake Park. Later they combined on a 10-cent tax bill, then a 5-cent tax bill and lastly in a bill classifying the ores, those below 49 per cent of iron being taxed as at present and those above being subjected to a graduated tax ranging from 2 to 7 cents. This bill

was amended to insert a flat 5-cent rate on ore above 49 per cent and reported out by the committee on taxes and tax laws and this was the bill before the house.

The house passed the bill prohibiting shooting of firearms within three miles of the corporate limits of St. Paul or Minneapolis. The bill was introduced by Swan Nelson of Minneapolis and was intended to protect residents outside the city limits where there is considerable shooting.

DUNNE IS DEFEATED

FREDERICK A. BUSSE ELECTED MAYOR OF CHICAGO BY A SMALL PLURALITY.

Chicago, April 3.—The most intense campaign in municipal politics that Chicago has experienced in many years closed with the election of Frederick A. Busse, the Republican candidate for mayor, over Edward F. Dunne, his Democratic rival and a candidate for re-election, by a plurality of 13,121.

The total vote for mayor follows: Busse, Rep., 164,839; Dunne, Dem., 151,718; Brubaker, Prohibition, 5,875; Koop, Socialist, 13,459.

The issues in the campaign have been largely based upon the improvement of the local traction systems. Both parties were agreed that present conditions were intolerable, but differed as to the best method to be employed in revising them. The Democratic party, headed by Mayor Dunne, stood for immediate municipal ownership through condemnation of the street car companies, if the result could not be obtained in any other way. The Republican party favored ordinances that were recently passed by a Democratic city council over the veto of Mayor Dunne. These ordinances provided for twenty-year franchises for the street car companies, the city retaining the right to purchase the systems for \$50,000,000 plus the amount to be spent for immediate rehabilitation of the lines; six months' notice being necessary of the city's intention to acquire the property. The ordinances also provide for universal transfers throughout the city, a 5-cent fare and 55 per cent of the net revenue of the companies to be paid to the city. The fight for and against the adoption of these ordinances has been exceedingly bitter. They were carried by a majority of about 40,000 votes.

The vote showed a decided reversal of public opinion on the question of municipal ownership compared with the last mayoralty campaign two years ago. At that time Dunne received 163,189 votes against 138,671 for John M. Harlan, the Republican leader. The Prohibitionist ticket received 2,294 votes and the Socialist 23,034. This year the Republican vote was close to 165,000 and that of the Democrats close to 152,000. The Prohibition vote ran slightly above that of two years ago, while the Socialist vote fell off heavily, it being more than 12,000 less than that of the last city election.

Campaign Was Vicious.

The campaign was one of the most vicious the city has ever known. Charges and counter-charges were hurled back and forth, the personal lives of the candidates were held up to the public and throughout the entire campaign speakers on both sides indulged night after night in tirades that were filled with invectives and abuse.

The disagreeable features of the campaign, which became so pronounced in its latter part, commenced when Mayor Dunne circulated a petition for a referendum vote on the traction proposition at the present election. He and his followers announced that they had secured 151,000 signatures to this petition, 80,000 being necessary to place the matter before the voters. Charges were made by the Republican party that thousands of these names had been forged and that the list had been padded in every conceivable fashion. These assertions were vehemently denied by the Democrats and the followers of Mayor Dunne, who were in favor of immediate municipal ownership. From this time until the end of the campaign the feeling became more bitter.

William Randolph Hearst came personally from New York to take part in the campaign and brought with him his ablest cartoonists and editorial writers. His papers were the only publications in the city supporting Mayor Dunne, all other newspapers being for Busse and the ordinances.

The fight between the editorial departments became so energetic that the actual issues of the campaign were for some time completely lost sight of. The papers favoring Busse made much of the party cry that Chicago was able to manage its own interests without receiving instructions from New York.

The Hearst papers claimed throughout the campaign that Mayor Dunne was acting for the best interests of Chicago and that it was, therefore, their duty to support him.

Consequently the good housewife, who had her new spring bonnet snugly tucked away in the hat box under the bed in the spare room where every Easter bonnet for years has reposed from time of purchase on the morning of the millinery opening until the church bells rang out on Easter Sunday, was disappointed in the amount of satisfaction she expected to experience. This world is full of disappointments.

The New Pure Food and Drug Law

We are pleased to announce that Foley's Honey and Tar for coughs, colds, and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults.—H. P. Dunn & Co. mwfdw

Would You Listen to This?

The Aitkin Age pretends to know a few things about religious matters and gives vent to the following: "After having more hard feelings and dissension raised in the community by an itinerant evangelist than months of persuasive Christianity can overcome, Grand Forks has hurriedly demolished the \$2,000 temporary tabernacle erected for the scene of the folly and evidently wants to forget it all. These high priced sensational preachers are pretty sure to preach the stuff that a little goes a long ways."

An Insidious Danger

One of the worst features of kidney is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes.—H. P. Dunn & Co. mwfdw

Card of Thanks

To the dear friends who have shown us so much kindness and sympathy in our present bereavement we wish to extend our sincere thanks and pray that the Lord, the Great Comforter of all, will bless and comfort you as he has comforted us. We wish we could convince you of all he has been to us, he could not have revealed his power to sustain, comfort and keep more plainly than he has done. So dear friends have no fear, only trust him and when trials and sorrow come to you He will be there to meet you. God bless you all. MISS JESSE SMITH AND FAMILY.

AMUSEMENTS

Forty-Five Minutes From Broadway

Klaw & Erlanger's production of Geo. M. Cohan's most successful musical play, "45 Minutes from Broadway," will be the attraction in this city at the opera house on Friday evening, April 12th. The principal role, "Plain Mary," will be played by Corinne, the versatile young actress who has been before the public since her sixth year. This production is splendidly staged with a most elaborate equipment of scenery and costumes, which, combined with the remarkable talent of the entire cast, makes this attraction one of metropolitan merit in every aspect. The organization is a large one, sixty people being employed in the presentation of the piece. Miss Corinne will sing during the performance two of Mr. Cohan's most successful songs, "Mary is a Grand Old Name" and "So Long, Mary." During the long run of this piece at the New Amsterdam theatre, in New York, these songs attracted great attention the music was played by the orchestras of all the principal theatres, hotels, restaurants and cafes. The coming of this production may be looked forward to as one of the most notable events of the theatrical season in this city.

CONTEMPT CASE DISMISSED

The Case Against Sheriff Erickson, Brought by the County Attorney was Dismissed by Agreement

When the case of the state, against Edwin Rolf was called Wednesday morning in municipal court, Mr. Fleming for the defense asked if the witness Pat Long was present, and when informed that he was not, he said that although he was not called by the defense but by the state, he did not want to go to trial without him, and it was stipulated by the counsel that the case be continued until 2 p. m. which was approved by the court. The defendant was present in charge of a deputy, who was asked where the sheriff was, and when informed that he was attending the probate court in an insanity case, he was directed to go and send him up and he soon appeared. The county attorney then addressed the court saying in substance, that in regard to the failure of the sheriff to serve the papers in the assault case last week, he, the attorney had no personal feeling in the matter, and if the sheriff would make an apology to the court for his conduct on that occasion, he would not press the motion made at that time for that officer to be made to show cause why he should not be held in contempt. Sheriff Erickson made a statement on the same lines as advanced at the time the motion was made, and Judge Albright told him that there was no reason why he should not work in harmony with the other officers of the court; that Attorney Warner and Clerk Spencer were both reasonable men, and his conduct at that time was not what it should have been; that he, the court, did not think that it was his intention to injure the county, but he should require a statement from him that he was willing to do the bidding of the court.

The sheriff replied that it had been the custom for the police to do this work and in this particular instance the warrant had been served by the police, and the subpoena had been given him at 10 minutes past 9 and made returnable at 10, that he was not superhuman and had notified the witness by phone the night before that he might be wanted, etc., but if the case was to be pressed he would ask until Saturday to prepare affidavits in the matter. The court informed him that it rested wholly with himself, if he would say that he was willing to serve papers and do the work of the court, the case would be dropped. The sheriff said he was willing to do so, and the case was dismissed.

Mrs. S. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Cure. One dollar bottle and part of the second cured me entirely." Foley's Kidney Cure works wonders where others are total failures.—H. P. Dunn & Co. mwfdw

LABOR NOTES

Reported by the Press Committee of the Trades & Labor Assembly

The Brainerd Trades and Labor assembly met in regular session on April 2. All the unions report everything moving along finely, no trouble of any kind.

The brick layers and stone masons had new delegates before the assembly who were obligated.

The assembly again wishes to call attention to the sidewalks. Within two blocks of Front street there are sidewalks which are dangerous on a dark night, while a very small amount of labor would put them again in good condition. As long as we have a sidewalk ordinance let it be enforced as poor walks are a menace to life and limb.
